Come and enjoy our "old school" maple syrup experience. Using the advice of many local sugarmakers, we built our sugarhouse in 2013 with the idea of keeping the time honored process of making maple syrup. With the help of family and friends, we use a 3x5 wood fired evaporator, supplied with 240 traditional buckets all gathered by hand. This will be our fourth year in operation. We again look forward to being a part of this year's tour.

You will be able to see the operation in working order with a wood fired evaporator and a R.O. machine that helps speed up the maple process. Our family has around 600 trees that are tapped every year and collected by a web of tubing. All of our products will be available to purchase.

# 14th Annual Maple Taste and Tour Weekend

Pure maple syrup is one of the few natural products left in today's society. Visit our sugar houses - each one is different and unique. Some use wood, some use fuel oil or natural gas; some gather sap by the bucket, and some in pipelines. Plus, you can purchase some of this year's maple syrup!

Enjoy a tour of  
our Sugar Shacks  
and taste the great  
Maple Flavors  
of our Maple Products!
